Manual Testing

- The plan is to create a test plan to find bug reports in the code.
- The plan is to explore the duel pro webpage to find bug reports.
- We are doing manual testing to find the bug reports.
- The "see all bots" button doesn't work when clicked on.
- The "draw" button doesn't work as it is also being clicked on. It does nothing.
- The wins and losses feature doesn't work.
- Reloading the page doesn't reset the wins and losses.
- I am testing and exploring the game through playing it so that we can fix any bugs that it may have.
